A Word to Americans and Old Whigs. Mr. Dawson of the Fort Wayne Times, who has heretofore been identified with the

the hosts of the opposition to Democracy; m for the former it is not too much to say that the conservatives the country over, and conservative Republicans have so high a regard that did not an extreme necessity exist in the North thousands upon thousands of them, everywhere, would rally to him; but now, wishing to make their power felt against the party in power, they cannot expect it to transpire by voting for that great and pure man-John Bell. The path of duty then is clear, so long as a man of such antecedents and such conservatism as Abra-ham Lincoln is in the field as the nominee of a powerful party, of probable success .-To these suggestions we direct all our friends -Whig and American-and would that they pledge an honest support to Mr. Lin-coln-believing that if elected, his administration will be wise, eminently conservative, honest and national."

Douglas and a Slave Code. Mr. Douglas, in his letter of acceptance, specially endorses the Supplemental Resolution to the Douglas Democratic Platform, offered after the nomination by Mr. Wickliffe, of Louisiana, and unanimously adopted by the Rump Convention, on motion of Mr. Payne, of Ohio. The resolution reads

Resolved, That it is in accordance with the Cinelinati latform, that during the existence of Territorial Gov-coments the measure of restriction, whatever it may be, mposed by the Federal Constitution on the poser of the Territorial Legislature over the subject of the domestic relations, as the same has been, or shall because the domestic by DETERMINED BY THE SUPREME COURT of the United States, should be respected by all good citizens, and ENFORCED with promptness and fidelity by EVERY BRANCH of the General Gorecoment.

Here we have a recognition of Federal or congressional Intervention, says the Alany Journal, as distinctly as that doctrine

Will give strict attention to all Legal Business trusted to his care, in Sandusky and adjoining the Particular attention paid to collections. OFFICE—Old Office of B. J. Bartlett & Son. Fremont, O., April 18, 1859. Congressional Intervention, says the Albany Journal, as distinctly as that doctrine has ever been recognized anywhere or by anybody. It concedes all that the advocates of a slave Code ever asked. Let us see how it would work:

Slavery exists in New Mexico. Suppose the Territorial Legislature passes a law abolishing it. Immediately the Slaves take their freedom and refuse to work. The Territorial authorities justify them. Their owners appeal to the General Government for aid to compel them to return to their allegiance, and cite the decisions of the Supreme Court to show that no Territorial Legislature has any power to abolish Slavery. If Douglas were President, he would be obliged to say, under this resolution, that these masters were right; and if necessary, he would be compelled to send the entire military force of the country to protect them in their right to the services of their slaves, in spite of the action of the Territorial Legislature.

Could Breckenridge do any more. What, then, would become of "Squatter Sovereignty?" How would the people of the Territory be able to resist this armed will attend promptly to all business on intervention? Would they not find them-selves overruled and defeated by the agen-cy of the very man who had taught them that they were supreme on all questions relating to their own local institutions!

It seems to us, as clear as sunlight, that this Platform, to which Douglas is pledged is as distinctly opposed to the doctrine of Non-Intervation as any Platform possibly can be, and so the People will think.

HOSTETTER'S STOMACH BITTERS

THE PROPRIETORS and manufacturers of E THE PROPRIETORS and manufacturers of HOSTET, THE'S CELLEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens gonerally of the United States, because the article hasaistaned a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of hare assection or biascoing puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to overs half-calilion bottles, and from its manifest steady increase in times pist, it is evident that during the conting year the consumption will reach mear one million bottles. This immense amount could move have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the mat prominent physicians in those sections of the country where the article host known, who not only recommend the Bitters to their patients, but are ready at all times to give testimoniais to its efficacy in all cases of stomachic derangements and the diseases resulting theerfrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godseni to regions where fever and agree and various ather bilious compisints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all imposite matter from the stomach, purifies the hilood, and imparts renowed vitality to the network system, giving it that tone and energy indispectable for the restoration it that one and energy indispectable for the restoration it has tone and energy indispectable for the restoration

HEALTH OF AMERICAN WOMEN.
Female tregularities, weakness, uterine displacements, and all local uterine difficulties and constitutional trenhies of women, are entirely cared by the Grantsenson Manuall's Uteraine Catholicon.

In this connection, Miss Beecher, sister of the Rev. Henry Ward Beecher, in letters to the yeople, page 129, says: "have nine sisters and sisters in law, and fouriest formale coucins, all married, and all delicate and alling—and coucins, all married, and all delicate and alling—Amid the immense circle of my friends and acquaintances I cannot recall ten married laties in this century and country, who are perfectly healthy." In cases, however, where the Grackmberg Catholicon has been used, we must say that health has rapidly taken the place of disease, and allodes have become robust, strong, vigorous and healthy. Mrs. Gleases, of Elmire, says: "Beautiful indeed is the confiding, trusting nature of uromas, but how much does it need to be protected by a watchfulness that will lead her, in time of disease, to appeal to a medical adviser of estematic education, moral worth and purity of character."—

HOME TESTIMONY. HOME TESTIMON 1.

Harryon, Trumbull Co., Ohio, March 7, 1567.

I berely certify that I have been dealing in the Graefenberg Medicines for the past year, and can truly say that I have never offered any medicines to the public that have met with the decided approbation of the people like there, particularly the Pilis and Catholicon. They will readily perform all and more than 15 promised for them. I have solidabout fifty hottles of the Catholicon, the past season, and I hear the best results in every case.

of the most ancoessful in the county (Trumbull) in which he resides.

"This certifies that I have used the Graefenberg Pilis and Marshall's Catholicon, sold here by J. H. C. Johnson in my practice, to my entire satisfaction. They are good medicines.

Wiss Berstoni, Connecton Co., May 14, 1857.

Mr. H. B. Kinniktry—Sirs—I have been seiling the Medicines of the Graefenberg Company for the last tenvenrs, and have invariably found them to give good satisfaction: and the Pills I have sold to a great many families as regularly as their tea mid ceffee, and with my trads they have become a staple article. Marchall's Uterine Catholicon is a visclicite that has done a great amount of good in female diseases. One hady I sold it to told me that she laid received more benefit from one bottle than she did from a long course of medical treatment by the most shillful physicians.

Yours traly.
